Notes: Each round was worth 2 points. Some rounds were double rounds (i.e.; 2 games), others were just one game.

The following coding was used to represent the results in each round

++ Won both games in a double round, won the only game if a single round

+ Split the two games in a double round, drew the game if a single round.

(note: there were no draws in any of the double round games)

-- Lost both games in a double round, lost the only game if a single round

1PB One point bye

2PB Two point bye
