

Northwest Scholastic Rating System

2011 - 2012: The Top Ten in Each Grade in WA

I am doing this the same as last the few years. In the past, to reach anywhere on these pages, players had to be a Washington resident and play a minimum of 15 NWSRS rated games last season, without exception. However, four years ago I decided to honor those players who are highly rated, but for whatever reason, did not play the minimum of 15 games in the system. I am following that practice again this year. I still show the Top 10 as the players who have met the requirement, but show other Washington players who had the rating to qualify, but not the 15 games. However, I am no longer including players on the list with provisional ratings (either USCF or NWSRS less than 15 total games played). (Total Games) = career games. (Games Year) = games played in 2009-2010 season. (Ratings for this list were closed September 4, 2011.)

Congratulations to the fine young players who made this list! We honor you. And congratulations to the many others who missed the list narrowly, and the many, many others who competed last year in this great game we all enjoy!

THIS IS A FULLY RESET LISTING FOR 2010-1011 done in preparation for the 2011-2012 season. ALL PLAYERS ARE LISTED WITH THEIR NEW 2011-2012 GRADES. (There may be some kindergartners who started competitive chess as pre-schoolers whose grades need to be reset back to kindergarten. Please communicate with Kirk Winges concerning any issues with grade coding (kirk.winges@gmail.com). Also provide any school changes, grade changes or updated/new USCF information to Kirk.

*Note: all students coded as kindergarten last year were automatically advanced to first grade by the rating system. Accordingly, this first grade list may include some students that will ultimately be re-coded to kindergarten because they were actually pre-kindergarten last year. The WSRs makes no distinction between kindergarten and pre-kindergarten students.

NWSRS RATING SYSTEM STATS AND ACTIVITY

At the end of last season we had reached 15,612 players, a little higher than last year. This September the Washington Scholastic Rating System was reset as follows: (1) Graduated seniors were advanced to “adult” status. (2) A total of 1,457 “inactives” (a complicated function where a combination of number of games in the system, and length of time since last activity was used to determine inactive status) were removed. (3) All grades were advanced one level. (4) The “this year” games field was emptied. All USCF ratings were updated on September 4, 2011.

We start the new season with 14,155 rated scholastic and adult players, 5,969 in grades K-6, 4,620 in grades 7-12 and 3,566 adults. We’ve kept more players in this year than in previous years, in part because the system has grown, there are more events now than in the past, and there are more adults involved. This past year we rated over 449 events and over 43,256 games.

Please note that this list is NO LONGER the basis for the Intermat selection team. Please contact Elliot Neff ceo@chess4life.com for all matters pertaining to the Intermat.
